

PACE/CRDP/SPBP PROVIDER BULLETIN

October 3, 2012

FUL (Federal Upper Limit) Pricing

The Program has discovered that the Medical Economics (Red Book) pricing files received in June and July 2012 contained some incorrect FUL prices that impacted reimbursement for PACE, CRDP and SPBP claims. The Program is currently in the process of analyzing these pricing files to identify which FUL prices were incorrect. When this process is complete and the pricing is corrected, all affected claims will be adjusted by the Program.

Providers will be notified in a future bulletin of the R/A on which these adjusted claims will appear. These adjustments will be done without any action necessary on the part of the providers.

The Program will provide an update on this process in November, 2012.

Questions may be directed to Provider Services at 1-800-835-4080.
