---	--	--

Providers: Call Help Desk. Provider Services Representative can do a one-time medical exception with approved diagnosis. The Program will send the physician a written request for additional information. **Physician must submit written documentation to be reviewed prior to the next fill.**

*** Bydureon®**

Claim will reject with NCPDP Error Code 75 accompanied by “Patient does not have required drugs in history” in the DUR Free Text Message. Provider may contact Provider Services to request a one-time medical exception if s/he believes Bydureon® protocol has been followed. If granted, the Program will send the physician a written request for additional information. **Physician must submit written documentation to be reviewed prior to the next fill.**

*** Dificid®**

Claim will reject with NCPDP Error Code 76 accompanied by “Maximum Duration Exceeded” in the DUR Free Text Message. **Provider Services cannot do a medical exception.**

Prepopik®

Claim will reject with NCPDP Error Code 76 accompanied by “Maximum Duration Exceeded” in the DUR Free Text Message. **Provider Services cannot do a medical exception.**

Questions may be directed to Provider Services at 1-800-835-4080.
