

# **PACE/CRDP/SPBP PROVIDER BULLETIN**

March 25, 2021

## **Incremental Fills- Copay Proration and Dispensing Fee**

**Effective April 4, 2021 Copay Proration for Incremental fills will be implemented.**

- **The value entered in the Quantity Prescribed (field 460-ET) and the Quantity Dispensed (field 422-E7) will be used to determine the Copay Proration Ratio.**
- **When it is determined that the incoming subsequent fill is the completion fill, the proration will consider previous amounts billed so the copay amount remains balanced.**
- **A dispensing fee up to \$10.49, if applicable, will be paid fully on the initial incremental fill.**

Questions may be directed to Provider Services at 1-800-835-4080.
