### Medicare Part D Partner Plans 2026

Approximately 93.4% of PACE/PACENET cardholders are enrolled in a Part D plan. It is important that **all** prescription cards be reviewed to ensure that the correct cardholder ID, BIN, and PCN are submitted to the primary plan.

As you update your cardholder's profile, be sure to also update the Other Payer ID (the BIN) in the Coordination of Benefits (COB) segment, Field 340-7C. **Claims not submitted to the primary payer on file or submitted with a different BIN than contained on file will deny with NCPDP Error 41 "Submit Bill to Primary Payer."**

As in previous years, lists of cardholders using your pharmacy and their partner plan are available upon request and will be sent by secure e-mail.
